## Transmission and Control Efforts of COVID 19

Thank you for your continuous support of Le Spa Parisien at The Westin Tokyo.

As part of Marriott International's family of brands, we have implemented a multi-pronged approach to meet the health and safety requirements of our "Commitment to Clean" standards.

Here are some of the key changes you can expect from your time at Le Spa Parisien.

- 1) Temperature Screening: we are screening temperature of associates daily and guest at hotel entry points
- 2) Personal Protective Equipment (PPE): associates will wear PPE (face masks, or face shields based on the activities they are performing and local government regulations
- 3) Treatment Room Disinfection: every treatment room is thoroughly cleaned and disinfected between each guest, include changing linens, disinfecting hair dryer, and other items that can be used by guests.
- 4) Social Distance Practices: efforts are made to ensure social distance in common areas such as Aqua Area, Relaxation Lounge, and more.

\*Maximum of 3 people, 30 minutes per person for each common area

### **For guests who plan to take treatments:**

-Please only take treatment 5 days after you take COVID vaccine (including the day of vaccination).

-If you are not feeling well between the time of vaccination and your visit, please refrain from taking the treatment.

### **When visiting Le Spa Parisien:**

-Please take your temperature at home beforehand.

-If the temperature is 37.5 degree Celsius or higher, we may ask you to refrain from your treatment

# Le Spa Parisien

## **About the treatment:**

- Please wear face mask in all areas of the spa except for Aqua Area.
- Please refrain from talking loudly in the aqua area.
- Treatment room's windows and door will be kept open for ventilation during the treatment. Please be assured that your privacy will be guarded from other guests.
- Customers using the body course may be asked to wear a mask during the treatment.

## **Please change your reservation date when any of the following conditions apply:**

- Have fever over 37.5 degrees Celsius, cough or other cold symptoms.
- Intense lethargy (fatigue) or breathlessness (dyspnea)
- Muscle aches and pains all over the body.
- Symptoms of suspected infection, such as abnormal sense of smell or taste.
- You are or are suspected of being a person with whom you have had a close contact.
- Within 4 days (including the day of vaccination) after receiving the COVID vaccine.
- Has received COVID vaccine and is currently experiencing symptoms of an adverse reaction.

## **For customers from overseas:**

- In accordance with the government's regulations, visitors from designated countries please stay at home or your hotel for 3 days before using our service.
- For visitors who are not from the list of designated countries, and have received 3 doses of vaccine can use our service immediately.

Please refer to the Ministry of Health, Labor and Welfare website for the latest information regarding the list of designated countries.

We will continue to take precautions to prevent the transmission of COVID 19 and maintain high hygiene standard so our guests can visit Le Spa Parisien with peace of mind.

We apologize for the inconvenience caused and sincerely appreciate your understanding and support.
